Blessings

Like tiny ripples that become great waves...

When individuals gather and focus their positive intentions toward a common good, they emit a light to the world, creating a collective, conscious movement of energy.

Each of us possesses the ability to channel loving energy and positively influence others. In this movement we create a blessing. A blessing is an expression of good, a way of sharing happiness and prosperity with each other. When we bless someone else, we are blessed in return—for a blessing is the most unconditional expression of love we can give one another. In the quest to create a gentler, more loving world, the journey begins when we light the flame of good intentions and celebrate milestones as they naturally unfold in our lives. Pure Light is a space dedicated to embracing the seasons of life and moving positive energy toward all things good and loving. Please join us or let us help you create a gathering of your own.

Ceremony Offerings

Pure Light is dedicated to holding a space for blessing ceremonies where individuals may gather and focus their positive intentions toward a common good for themselves and others. Blessing Gatherings are held in our beautiful ceremony room using nature and spirituality as our guiding light. As in many native traditions, we call to the four directions asking for the movement of loving and positive energy.

- **Goddess Gatherings** ~ women coming together to honor and support one another through life's passages.
- **Blessingway for Brides** ~ a blessing for the bride as she begins her journey into a new life of marriage.
- **Blessing Baby's Way** ~ a blessing for the new or expectant mom, surrounding her with loving support.
- **Coming of Age** ~ a separate gathering is held for young men and women and is a valuable experience providing them with knowledge and support for this life changing passage.
- **Birthday & Anniversary Blessings** ~ honoring and celebrating the anniversary of years with loving thoughts.
- **Closure ~ Release in Peace** ~ honoring the completion of a cycle in life's journeys helps aide in the process of moving on into the future.
- **Honoring** ~ a blessing for recognizing and celebrating life's accomplishments.
- **Daily Gratitude** ~ all are welcome to join us gratis at closing for an evening ritual of giving thanks.

Depending on the size of the gathering, a ceremony may take from 25 to 45 minutes.

Groups of 7 or less ~ \$25 per person • Groups of 8 or more ~ \$20 per person • Cap at \$350 • Maximum 28
Complete your gathering with a feast. See back panel for details.

The Story of Pure Light

Not so long ago, there was a young, creative soul named Tyeson, who brought much-needed smiles into the lives of everyone he met. Tye believed that living creatively gave a person self esteem, and in turn this made people feel good. Sadly, as with many of the creative souls of our time, his curiosity claimed his life on earth at far too early an age. The complete story is on our website. With a desire to rekindle the pure joy that Tyeson's creative heart gave to us, Pure Light was born. We are dedicated to keeping alive the flame of a loving and creative spirit. At Pure Light we've created a space for all things kind and creative, a place to move positive energy. It is our hope that you will find this pure joy when you come and experience the creative in your soul at Pure Light.
